

# Using Business and Company Resource Center

## Finding comparable companies using S.I.C./N.A.I.C.S. codes

Often you will be asked to find a company in a particular industry using (Standard Industrial Classification Code) or N.A.I.C.S. code (North American Industrial Classification Codes). At the main screen, **Choose Industry**.

Enter your search term(s):  Company Search

### Additional Search Options:

Next, either type in a **code** if you know it or try to describe the **industry** the company is in or you can browse codes for descriptions.

### INDUSTRY

Select one of the search options below:

Enter SIC or NAICS Code:

SIC Code  NAICS Code

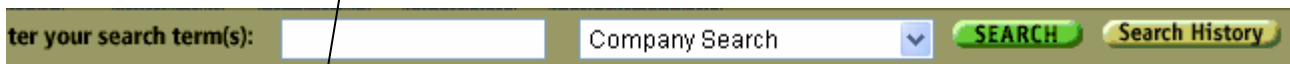

OR

Enter Industry Description:

OR

[Browse SIC Codes](#)  
[Browse NAICS Codes](#)

Choose **Company Profile** to find similar companies.

Enter your search term(s):  Company Search

Your search: (SIC Code=3021) returned the following results.

This will give a list of companies in descending order by sales. Companies with a symbol in parentheses (example: **NKE**) are publicly traded.

**Finding Information About a Company-** including profile, news, history, investment banking reports, financials (publicly held companies only!), products, etc.

1. Choose **Company**, type in as much of the **company name** that you know, next Choose **Ultimate Parent** (unless you want to look at subsidiaries or foreign operations, etc.) Hit **Search** button at bottom of page.

## Company

Enter terms in any or all search boxes:

Company Name  or Ticker Symbol  All Companies  Ultimate Parent [Browse Companies](#)

2) Resulting Search should look as follows: (If company is public, a ticker symbol will be found in (  ), next to name. Click on the **highlighted name(s)** to see the full record.

[Revise Search](#) Your search (Company=Nike) returned the following results.
