

Ithaca College Accessibility Guide

This guide was created to offer information about the accessibility features of the Ithaca College campus for individuals with mobility and hearing impairments. While every attempt has been made to ensure accurate information, ongoing construction and improvements may change accessibility features. If you discover errors, please contact the Office of Academic Support Services (274-1005).

Office of Academic Support Services

The Office of Academic Support Services provides accommodation and service to undergraduate and graduate students with visual, hearing, physical, psychiatric, and learning disabilities. We encourage all students who wish to receive special accommodations to contact the support services office.
